

# OLEKSANDR ABRAMOV

FULL STACK (REACT) DEVELOPER

---

## SUMMARY

I am a goal-oriented and self-motivated Full Stack developer. Looking for a job at the position frontend developer (React). I am working with JS, React, Redux, Node.js, CSS/HTML, Sass preprocessor, crossBrowser and adaptive markup skills. I also learn quickly, and easily communicate with people. Believe my skills will be useful to devote to product development.

I have put a lot of effort to make my skills in this resume true, and I am ready to make even more efforts to improve these skills
